This map was produced to conform with the National Geospatial Program US Topo Product Standard, 2011. A metadata file associated with this product is draft version 0.6.7.

Produced by the United States Geological Survey

The map area is located within the U.S. state of Texas and the Tarrant County, Texas Quadrangle. The map includes various topographic features such as roads, water bodies, and natural landforms.

The map uses the Universal Transverse Mercator (UTM) grid with North American Datum of 1983 (NAD83) and World Geodetic System of 1984 (WGS84). The projection and 1000-meter grid use the Universal Transverse Mercator, Zone 14S.

The contours are at an interval of 10 feet, and the national elevation dataset is from 2010. The imagery is obtained from NAIP, January 2010, and roads are from TomTom, 2006-2012.

The map covers an area approximately 28 miles by 28 miles (45.2 km by 45.2 km) and is centered at coordinates 32° 15' 0" N, 97° 0' 0" W.
